Happily Ever Afters

Play It | Fairytale Storyteller

Tell new stories with your friends and family using this storyteller as inspiration.

1. Print off the attached fortune teller and fold it up.
2. Ask a friend to choose one picture then move the cootie catcher with your fingers so it snaps open first one way and then the other (imagine a mouth talking!). As you do this spell out what they have chosen, for example if they choose the pirate spell out P-I-R-A-T-E.
3. Pirate has six letters, so stop moving your fortune teller after six moves and ask the player to choose one of the newly revealed pictures on the inside.
4. This time the pictures have numbers. Move the fortune teller the same amount as the number they choose. Repeat this step for as long as you want the story to be, but make sure to include the picture you land on as the next part of your story.
5. Open the last flap to reveal their happily ever after!

Write It-Writing Prompt

Choose your favorite fairytale or folktale that you know. Now rewrite it as if you were the main character. Would you make the same choices as the original character? How would the story change? Now rewrite it as if you were the villain. Would you be as vile as the original? How would your terrible actions change? Would you be redeemed at the end?

Make It | Paper Scroll

Happily Ever Afters are usually announced to the whole kingdom on a scroll. Make your own scroll with your own proclamation!

1. Provide long rectangles of light colored construction paper or rice paper to each child to make a scroll.
2. Have the children decorate the scrolls with writing or drawings, using watercolors or markers. The markers can be lightly painted over with a damp brush to bleed the colors.
 - a. This addition is best done with older children, because too much water can cause the colors to blend together to the point where the picture is gone.
3. When the paper has dried, roll the two ends to center to look like the scroll shown in the story.

Fairytale Storyteller

1. Print and cut around the outside square of the storyteller.
2. Fold in half and in half again.
3. Unfold it completely and flip over so top is blank.
4. Fold each corner into the middle.
5. Flip it over and fold the corners to the middle again, so the pictures with numbers are folded into the middle.
6. Turn over so you can see the girl, pirate, dragon, and frog.
7. Slide your thumb and your finger behind two of the pictures and press together so they bend round and touch.
8. Turn over and repeat with the thumb and finger of the other hand for the other two pictures.
9. The girl, pirate, dragon, and frog should now be at the front with centers touching and you are ready to use your storyteller!
